## EXPERIENCE

### DATA ANALYSIS CONSULTANT

STARTUP FANBASE NETWORKING

Oct. /22 - Mar./23

- Enhanced Fans value for the team and show result with Looker.
- Leading and empowering the analysis team.

### MID-LEVEL DATA ANALYST

ITAU BANK

May. /22 - Apr./23

- Identify high value added opportunities to unlock business potential
- Define the need for dashboard (strategic level) with Tableau
- Establish, and monitor common metrics that align with team goals and product strategy, A/B testing with SAS, ATHENA and Excel.

### JUNIOR FRAUD DATA ANALYST

CLEAR SALE

Dec. /19 - May./22

- Identifying fraud patterns, creating and tracking fraud metrics.
- Build queries to provide key insights on performance ROI.
- Performing investigative analysis using SQL and Power BI.

### INTERN BUSINESS INTELLIGENCE

BRADESCO BANK

Jan. /19 - Dec./19

- I developed an IOF calculator in VBA/EXCEL to optimize the calculations of credit recovery contracts and a SAS routine to extract a high potential audience to pay their debts using low cost tools.

### INTERN PROJECT MANAGEMENT

UNILEVER

Jan. /18 - Dec./18

- I carried out projects aimed at Industry 4.0 through the WCM methodology and used data intelligence for decision making through Lean Six Sigma to seek cost reduction in the production line.

### TEACHER OF CHEMISTRY AND ENGLISH

ELEMENTARY AND HIGH SCHOOL

Jan. /12 - Dec./17

- Teachers facilitate learning, design lessons, evaluate progress, collaborate with colleagues, and provide guidance and support to students.
